With the dawning of December, it means that Christmas is just around the corner! And what is Christmas without the customary Christmas tree? Guests at Lexis Hibiscus will be awestruck with the tallest Christmas tree replica in Port Dickson.

Standing majestically at 78.7 feet in height and 29.5 feet in in diameter, the lush green-coloured tree is adorned with 10,000 baubles and 69,000 LED lights. Made from galvanised steel, the tree took more than 400 man hours to assemble.

Perfect for selfies and Instagram-worthy shots, the Christmas tree will be up at Lexis Hibiscus Port Dickson until 2 January 2018.

TOURISM SECTOR TO REMAIN THIRD LARGEST CONTRIBUTOR TO MALAYSIA'S ECONOMY The Star Daily

Aggressive measures taken to boost Malaysia's tourism and hospitality industry, which include hotels, foods, restaurants, chefs, as well as food services equipment and suppliers, will help maintain the industry as the third largest contributor to the country's economy.

Deputy Minister of Tourism and Culture, Datuk Mas Ermieyati Samsudin, said combined efforts by various stakeholders to push the industry to new heights as evidenced by the ongoing and highly successful and international Food and Hotel Malaysia 2017 (FHM 2017) would help the tourism industry's receipts increase this year.

She cited how such combined efforts went a long way towards enabling the tourism industry to contribute RM73.3bil to the nation's coffers last year.

According to data from Tourism Malaysia, the target for tourist arrivals this year was 31.8 million while tourist receipts were expected to reach RM118bil.

"Events such as FHM have both a direct and indirect positive impact on Malaysia's tourism and hospitality industry, positioning the country as an industry leader that the world looks up to," she said in her speech when officiating FHM 2017 on Tuesday.

She said the tourism and hospitality industry was recognised as one of the National Key Economic Areas in the government's vision to help make Malaysia a high-income nation by 2020. By 2020, Malaysia is targeted to draw some 36 million tourists with tourism receipts projected at RM168billion.

Wish Came True

Recently at Lexis Hibiscus Port Dickson, we were able to make a nine year old little boy's wish come true which is spending some quality time with his family. Muhammad Amirul Haikal, who has been diagnosed with leukaemia since February 2017 has gone through cycles of chemotherapy and the long stays in the hospital has been rather strenuous on him, taking the joy from his family and his childhood. Due to work and school, his father and sister could not visit him as much as he wanted them to. Together with Make-A-Wish Malaysia, we hosted little Amirul's stay with his family and blessed him with many gifts as well. We hope little Amirul will have a speedy recovery so that his dream of becoming a soldier will come true.
