

Vaccinated Tourists Return to Port Dickson
已接种疫苗的旅客们纷纷回归波德申

NEGERI SEMBILAN - The tourism industry (as well as Malaysians everywhere) rejoice as interstate traveling for tourism purposes are allowed for fully vaccinated individuals in all states under the National Recovery Plan (NRP). In Negeri Sembilan, the favorite quick getaway destination of Klang Valley folks came back to life as vaccinated Malaysians swarmed the beautiful beaches and popular sea-facing resorts in Port Dickson. With COVID-19 restrictions and SOPs in place at least until the end of the year, hoteliers who are the heart of the tourism industry leave no stone unturned in ensuring the safety of their guests and staff to minimize the possibility of interstate travel U-turn this time around.

森美兰-根据国家恢复计划,所有州都允许已接种疫苗的人们进行跨州旅游,这让旅游业(以及全国各地的大马人)欢欣鼓舞。在森美兰,已完成接种疫苗的本地住民涌入波德申美丽的海滩和广受欢迎的海滨度假村及酒店,让这个巴生谷人最情有独钟的度假目的地重新焕发了生机。由于2019冠状病毒病的限制措施和各种标准操作规程会继续实施到至少今年年底,作为旅游业核心的酒店经营者们亦不遗余力地去维护和保障游客们的安全,以确保此次的州际旅游批准不会再来个大转弯。

Tengku Zafrul: With new sectors reopening, remain vigilant and adhere to SOPs

财长:晋地方性疫情 年底更多经济领域重开

KUALA LUMPUR (Bernama): The public must remain vigilant and continue to adhere to standard operating procedures (SOP) when the government reopens more sectors once the nation enters the endemic phase, says Finance Minister Tengku Datuk Seri Zafrul Tengku Abdul Aziz (pic).

He said this was important as current developments show there were still new Covid-19 clusters being detected among certain sectors. These clusters were triggered when people became complacent and failed to observe SOPs as more economic sectors reopened, he said, adding that this was quite evident when certain social activities were permitted recently.

"These clusters emerge because we tend to think that things are back to normal and we do not have to comply with the SOPs any longer. "From social sector activities observed recently, there are many who seem to have forgotten about SOPs," he said when discussing the National Recovery Plan (NRP) on RTM's Optik @ Selamat Pagi Malaysia talk show on Sunday (Sept 19) on how society could contribute towards its success.

At the same time, Tengku Zafrul said the Finance Ministry was open to helping those economically impacted by the Covid-19 pandemic, adding that for the first time in the nation's history, the ministry had issued a Pre-Budget Statement (PBS) for Budget 2022.

He said the people had also been given the opportunity to engage with ministry officials virtually and in writing, while public consultation papers are issued for experts' in-depth views. "Those are our two focuses to help the people and also businesses in the near future and also to make plans for 2022 for the country's recovery.

"We (Finance Ministry) are quite optimistic, we can see that the IMF (International Monetary Fund) and World Bank's forecast and projections for Malaysia next year are quite positive," he said. Besides this, Tengku Zafrul, who was also NRP Coordinating Minister, said the NRP was a dynamic plan that used current data for decisions to be brought to the National Security Council (NSC) and the pandemic management committee.

He said where decisions were concerned, NRP used the latest reports not only sourced from within Malaysia but also internationally. "(Covid-19 vaccine) booster shots, for example, the Health Ministry has held discussions and the Health Minister has in fact announced that we will begin booster shots very soon. NRP focuses on both the economic and social sectors," he said. - Bernama.

(吉隆坡19日讯) 财政部长东姑赛夫鲁预计, 我国的疫情将在今年年底进入地方性 (endemic) 疫情, 届时将会有更多的经济领域能在新常态下获得重新开放进行运作。也是国家复苏计划协调部长的东姑赛夫鲁今日接受RTM的“早安大马”访谈节目访问时指出, 政府将依据科学和数据方式, 评估国家复苏计划何时从某阶段进入下一阶段, 人民可以从疫情中走出以及商业和经济活动可以重新开放。

“我们预计疫情将在今年年底进入地方性疫情, 届时人民和经济活动能在新常态下获得重新运作。商讨晋地方性疫情阈值“我们还在和卫生部以及相关机构包括国家安全理事会, 冠病管理委员会进行商讨, 看看我们将采用什么阈值, 以评估我们能够进入地方性疫情的阶段。”他说, 其中一个采用的阈值, 就是我国100%的成年人口需在10月完成疫苗接种。东姑赛夫鲁透露, 卫生部目前的焦点将集中在重新开放经济活动, 尤其是2022年的经济发展。东姑赛夫鲁表示, 政府已同意将650亿令吉的抗疫基金增至1100亿令吉, 并且将政府债务占国内生产总值的顶限, 从目前60%提高至65%。“这些资金将用来帮助人民, 尤其是因为经济活动关闭时, 受到严重影响的微型和中小型企业, 包括零售业、旅游业等, 都是政府应该帮助且必须帮助的区域。”

依最新数据报告做决策

东姑赛夫鲁补充, 随着越来越多州属已从国家复苏计划第二阶段进入第三阶段, 甚至有州属将在近期内进入第四阶段, 自己也对未来经济前景表示乐观。他一再重申, 国家复苏计划是一个动态性的计划, 政府将使用当前数据以及最新的报告进行决策。“比如说卫生部将在近期内宣布施打第3剂的加强针 (booster shot) 疫苗, 砂拉越已率先开始18岁以下疫苗接种计划, 以及学校重开复课的事项, 都是依据当前数据以及最新的报告做出的决策。”东姑赛夫鲁也提醒人们, 一旦更多的经济和社会活动获得重新开放后, 依旧不能在遵守标准作业程序 (SOP) 上有所松懈。他指出, 财政部也对那些受到疫情严重影响, 尤其是受到影响的经济领域持开放态度, 欢迎各界为财政部提供改善的建议。“所以政府也将首次, 通过财政部发布预算案前声明 (Pre-budget Statement), 让人民可以透过在线、信函或提交咨询文件方式提交建议, 我们可以更深入聆听各界的观点。”

Penang and Langkawi Remain Popular Among Local Tourists

槟城和浮罗交怡仍然广受大马游客欢迎

According to the Deputy Director of Tourism Malaysia Northern Region (TMWU), Siti Hajar Yunus, both Langkawi and Penang remained a popular choice among Malaysian tourists. According to their data, Langkawi that is under the pilot tourism bubble project has attracted 60,504 visitors between September 16 and October 6, 2021, while Penang has attracted 27,059 visitors at 14 specific tourist spots between October 11 and 19 alone. "With the lifting of interstate travel ban, the tourism sector is set for recovery. Tourism Malaysia Northern Region is responsible for boosting arrivals at all tourist attractions in this region, not just at locations normally popular with tourists." Said Siti Hajar.

马来西亚北部地区旅游局副局长西蒂·哈贾尔·尤努斯表示, 浮罗交怡和槟城仍然是大马游客的热门选择。根据其部门所收集的数据, 身为大马旅游泡沫试点的浮罗交怡在2021年9月16日至10月6日期间吸引了60504名游客, 而槟城则在10月11日至19日期间, 仅仅不到十天之内就在14个特定景点吸引了27059名游客。“随着州际旅游禁令被撤销后, 旅游业必定将迎来复苏。而马来西亚北部旅游局的责任就是提高此区域所有旅游景点的游客人数, 不仅仅是那些原先就已广受游客们欢迎的景点。”西蒂·哈贾尔说。
